Nationwide Realty Investors Launches Expanded Web site for Condominiums at North Bank Park

Columbus, Ohio --- Nationwide Realty Investors announced today the launch of its newly expanded website for The Condominiums at North Bank Park (www.northbankparkcondos.com). NRI's Erin Uritus made the announcement.

“Our new site captures the beauty and energy of this project,” said Uritus. “We wanted to give our perspective buyers the ability to see our finished units and allow them to experience the unbelievable views of the Arena District, the Huntington Park site and Downtown from their own desktop.”

The Tower, which is built of glass and steel, includes 88 one-two-and-three-bedroom residences. It showcases floor-to-ceiling windows, high-end finishes and generous balcony space with glass railings for unobstructed views of the skyline.

The Lofts, converted from the 80-year-old former A & P warehouse, consist of 21 one and two-bedroom urban-style lofts. The Lofts feature open and flexible spaces, original concrete columns, hardwood floors and exposed brick.

To learn more about The Condominiums at North Bank Park visit www.northbankparkcondos.com or call 614.221.9900.
